Symbol of the South

The Order of the Eastern Star has placed in the South one of the most important officers of the Order, “The Conductress.” All through the Initiatory Ceremonies she acts as the Guide, symbolic of the truth that Conscience can only point the way.

Symbol of the North

In the Order of the Eastern Star the North is very important. There is perhaps no other side of the Square that calls for such careful consideration. It is the sacred duty of every member of a Chapter to be very sure that they place officers on the Square who have the ability to rule and govern. The North is the place where the office must be considered before the person, as it is the first step upward.

The Associate Conductress and the Conductress are synonymous in their work; therefore, the Associate Conductress also teaches Conscience. In balloting she takes her place at the entrance to the ballot box, and in this position, she symbolizes “Conscience at the Door.” Everyone who goes into the Heart of the Star to cast a ballot must first pass Conscience, and if each one sees and understands aright, the ballot is right, no matter what color it may be.
Conductress and Associate Conductress Class

Conductress - Scroll and Baton

The conductress escorts a line of officers into the chapter room. Escorts Worthy Matron to the east. Lifts the pass, reports to the Associate Matron, receives and introduces visitors, closes the bible. (Attends at the Altar).

During the OES degree work, she places the bible(s) for the candidates under Esther’s chair, answer alarms at the door, reports to the Worthy Patron. Admits candidates and introduces them. Conducts candidates through the labyrinth. The Conductress with her scroll and baton, teaches that there must be plans if there is to be success.

Associate Conductress – Baton

The Associate Conductress assists in setting up the chapter room (page 26 in ritual), invites the Worthy Matron and officers into the chapter, escorts a line of officers into the chapter room, assists the Conductress in escorting the Worthy Matron to the east, assists in lifting the pass, attends the altar (Opens the Bible), and conducts balloting under the direction of the Worthy Matron.

During degree work, she prepares candidates for initiation. The Associate Conductress with her baton, represents discipline. We must all move in harmony if we are to accomplish much.
Conductresses’ Prayer

Lord, make me an Instrument of Thy Peace…
Lord, help me to be an Industrious, Committed, Concerned and Creative leader; to represent myself and the members of this great organization in a positive way. Help me to do my job, to the best of my ability; and to be a role model for those around me.

Help me to know and understand that I cannot just want the accoutrements of success; but that I and the Team selected must Work for them – very hard! Help me to remember to “Look before I Leap!” Remind me to THINK before I ACT, or SPEAK. Provide me with the Wisdom, Compassion and Knowledge to make the right decisions for the Good of the Order.

Guide me to learn from every Mistake made, as well as from Positive resulting actions. To remember that no man or woman is an Island; and that I CAN ACCOMPLISH NOTHING ALONE!

Lead me and Guide me every step of the way, remembering that Leadership means CONTINUOUS SERVICE.

Then finally Lord, help me to Demonstrate, in all ways, my appreciation for the efforts and contributions of the Elected and Appointed Official Team (as well as the General Membership) by My Support of the programs and activities endorsed by us all.

I ask these blessings in Your name. Amen!

Depositing and Lifting the Pass

The Password is taken at every meeting from the **Sisters Only**. When the Worthy Matron directs the Associate Matron (to ascertain), she rises and gives directions to the Conductresses and remains standing during the work.

The Conductresses both advance to the East by way of the South and North. The Conductress deposits the pass and the grip to the Worthy Matron first then the Associate Conductress follows in like manner.

The Conductress collects the pass and the grip from the officers and members on the South and the Associate Conductress collects the pass and the grip from the officers and members on the North.

When the pass and the grip have been collected from all except the male membership, the Conductresses will meet behind the chair of Esther. If all are in possession of the pass, the Associate Conductress will report: “All on the North are in possession of the pass.” If all are not in possession of the pass, the Associate Conductress will advise the Conductress of that. The Conductress will report the findings to the Associate Matron and the person in question (if any) will be escorted out and questioned.

**Note:** The Conductresses do not touch one another nor give each other the pass or grip.

* The sides of the equilateral triangle signify all knowing wisdom, all mighty power and all embracing love.

* The significances of the triangle are Birth, Life and Death; Mind, Body and Soul; Father, Son, and Holy Ghost; Father, Mother and Child.

* Adah and Electa are the only two star points not specifically named in the bible.
Conductress and Associate Conductress Class

Winding the Labyrinth

*Taken to the Point of Adah, then around the Point of Martha, we see that Adah an only daughter and Jesus, an only son, were offered as human sacrifices*

**Adah**

Adah is the First of the Star Point Heroines. Adah represents the **Ideal Daughter** because her sense of duty and her devotion to her father so guided her actions that by her deeds, she exemplified the highest type of filial obedience. The ideals of the First Star Point are self-sacrifice, integrity and obedience. These ideal characteristics may be achieved by emulating the spirit and actions typified in the life of Adah. The clear blue of the cloudless skies is the color dedicated to the First Star Point. Blue, ever the symbol of fidelity, loyalty and intelligence represents both Adah’s excellent use of her intellect in determining the right course of action and her unparalleled loyalty to her father. Adah represents the Spring of Year because her life is representative of the springtime or early womanhood of life itself. The story of Adah challenges us to carry throughout our lives, the innocence and sweetness of a young girl and to approach our life problems with the enthusiasm and willingness with which Adah approached the problems with which she was faced.

*On to the Point of Ruth, and then around the Point of Electa indicates the love of both for friend and God*

**Ruth**

Ruth is the Second Star Point Heroine. Ruth represents the **Ideal Widow** because she cherished the family, faith, and inheritance of her husband above her every personal ambition, her original native allegiance and her originally heathen religion. The ideals of Ruth are Loyalty and Friendship. If we would become the ideal friend to another of if we should like to be recipients of another’s friendship, we must first be deserving. Only by being loyal to the furthering of the best interest of our fellow man and by being loyal to the tenets of our faith do we merit the giving or gaining of a friendship. Yellow represents constancy, exalted and richness and it is dedicated to Ruth. Ruth was certainly characterized by a radiant and strong personality and it is therefore that the color of the sun exalted in the heavens, is dedicated to her. Her position in the ancestral line of Chris is sufficient testimony to the richness of her own personal worth. Her faithful adherence to Naomi has become an endless tribute to her constancy.

*On to the Point of Esther, and then around the Point of Adah again simulates willingness to give up life itself if need be to save honor.*

Esther
Esther is the Third Star Point Heroine. Esther represents the Ideal Wife because she not only succeeded in fulfilling her duty to her husband but also maintained her high standards and performed her duty to God and her nation. Esther discovered that her exemplary conduct helped Ahasuerus to act in a fashion more in keeping with the higher, finer, inner man. Because of Esther’s influence and example, Ahasuerus used his power and authority to save the whole Jewish race from extinction. The ideals of the third Star Point are purity and self-sacrifice. We may emulate these attributes by remaining faithful to our high standards and by conducting ourselves in every situation in such a fashion that we remain above reproach. The white billowy clouds and drifting snow is the color dedicated to Esther. It is appropriate to this Star Point heroine because Esther, feted and crowned, beautiful and wealthy, succeeded in remaining pure, upright and simple. Her life and actions were free from blemish and in every way, Esther was above reproach.

On to the Point of Martha, and then around the Point of Ruth, the ancestress of Jesus, in direct line and spanning 42 generations to bring us the Prince of the House of David showing again faith in immorality.

Martha
Martha is the Fourth Star Point Heroine. Martha represents the Ideal Sister. Martha assumed the responsibility for the care and comfort of her brother Lazarus and her sister Mary in their parentless home. Her devoted sisterly love for her brother contributed to the circumstances that led to the resurrection of Lazarus by Christ. The vibrant deep green color of the springtime foliage is dedicated to Martha. Green the symbol of renewed life and growth is the symbol of the new life which is eternal life and faith in the immortality of the soul. We can strive to achieve these ideals in our lives by so familiarizing ourselves with the Word of God and Life Teachings of Jesus Christ that our faith in eternal life may become as unshakeable as was the faith of Martha. Martha represents the winter season because she represents the knowledge that the winter of mortal life or death comes to all. It is then that Faith in Eternal Life is a force that will strengthen the individual so that he may face mortal death with calm and enter eternal living with peaceful heart and spirit.

Continuing to the Point of Electa, to hear the story of the Love of God, and all of mankind. Following this again around the Point of Esther, here we have Love and purity linked together which are the crowning glories to womanhood. However, the Master made no distinction between man and woman. What was pure for one was also pure for the other.
Electa
Electa is the Fifth Star Point Heroine. Electa represents the Ideal Mother because she sacrificed everything to establish a Christian heritage for her children and because she fully accepted the responsibility for the spiritual welfare of her children. The ideals of Electa are love and hospitality. These characteristics may be emulated by consistently acting with love toward one’s fellow man and by loving Christ and God with all the mind and heart. The brilliant red is dedicated to Electa because it has ever been the color of fervency, hospitality and love. It was also selected because it has been a symbol of Christ’s sacrifice on the cross for the sake of man and Electa was crucified on the cross for the sake of Christ. Electa represents the autumn of the year or the period of full maturity in the lifetime of an individual. A mature Christian woman has the capacity to reap a spiritual and intellectual harvest of great value.

“Our Labyrinth ends as does life itself before the altar of God”

And so, we have completed the Labyrinth March; joining the Points that seem to have something in common. We have shown the relationship between Adah and Martha, of Ruth and Electa, of Esther and Adah the message to Martha with the Point of Ruth and that of Electa with the Point of Esther.

Symbolism of the Eastern Star

I. The Beatitudes

Biblical Reference (Fifth Chapter of Matthew)
Some of these Beatitudes have been associated with the five heroines.

ADAH (The Sixth, v. 8) Blessed are the pure in heart for they shall see God.

RUTH (The Third, v. 5) Blessed are the meek for they shall inherit the earth.

ESTHER (The Seventh, v. 9) Blessed are the peacemakers, for they shall be called the children of God.

MARTHA (The Second, v. 4) Blessed are they that mourn for they shall be comforted.

ELECTA (The Eighth, v. 11) Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely for my name sake.

II. THE FOUR SEASONS

ADAH – Spring - Symbolizing youth of life.

RUTH – Summer - Symbolizing abundance and growth of life.

ELECTA – Autumn - Symbolizing harvest or the period of full maturity of life.

MARTHA – Winter - Symbolizing the end of the year, or lifetime when one must rely on faith in eternal life

In this comparison, a whole year is used to represent the span of a lifetime.
The Inspiration of the Labyrinth

When a candidate has accepted the pledge, and is accepted into the order the Worthy Patron instructs the Conductress to conduct her through the labyrinth so that she, (the candidate), might receive instruction in the characteristics of the order. Due to her newness, a candidate might not grasp all of what is said, but it is important for us to understand how each point is connected.

Taken to the point of ADAH then around the point of MARTHA, we see that ADAH, an only daughter and Jesus an only son, were offered as human sacrifices.

On to the point of Ruth and then around the point of ELECTA, indicates the love of both friend and GOD.

On to the point of ESTHER, then around the point of ADAH again, simulates the willingness to give up life itself if need be to save honor.

On to the point of MARTHA, fourth point, then around the point of RUTH, the ancestress of JESUS, in direct line, and spanning 42 generations, to bring us the Prince of the House of David showing again faith in immortality.

Continuing to the point of ELECTA to hear the story of the love of GOD and all mankind. Following this again around the point of ESTHER, here we have love and purity linked together which are the crowning glory to womanhood. However, the Master made no distinction between man and woman. What was pure for one was also pure for the other.

And so, the labyrinth march was completed. In every instance there was some characteristic of one point to another point, a characteristic that bound one to another, and with the link and having the open Bible on the altar as the candidate was led by, it indicated the absolute reliance.
UNDERSTANDING OUR EASTERN STAR SYMBOLS

A symbol is a figure of something intellectual, moral, or spiritual; a visible object as a representative to the mind. More briefly, it is an object that on sight will bring something else to mind and if sincerely observed, will teach a lesson. Such are the symbols of our order.

Below are symbols of this great order to lessons which can be carried with us each day.

The SENTINEL with the CROSSED SWORDS represent protection and justice; that none enters the chapter room with unclean thoughts and that when we leave, all transactions are secret and shall forever be locked within.

The WARDER wears the DOVE of peace, a symbol of harmony. While we have opinions and can express them; let us not forget that others have the same privilege.

The ASSOCIATE CONDUCTRESS, with her BATON, represents discipline. We must all move in harmony if we mean to accomplish much. It is everlasting teamwork that has enabled the world to progress.

The CONDUCTRESS, with her SCROLL and BATON, teaches that there must be plans if there is to be success.

The MARSHAL, with her CROSSED BATONS, is the one who teaches us that he, who loves best, serves best.

The ORGANIST seldom realizes just the extent of her influence and its meaning, but a chord, a note, may awaken in a heart a burst of song, or a discord that produces sorrow and trouble.

The CHAPLAIN bears the emblem of an OPEN BIBLE, the Word of God, which teaches us that we cannot live by bread alone, but by the will of God.

The SECRETARY, with her CROSSED PENS, would indicate that two pens are used. One a pen of COMMENDATION, the other a pen of CONDEMNATION, representing that our deeds may be recorded as being either good or bad.

The TREASURER with her KEYS, emblems of security, needed to conserve the funds necessary to conduct the business of the order.

The three officers, WORTHY MATRON, WORTHY PATRON and ASSOCIATE MATRON make up a trinity which combines WISDOM, STRENGTH, and LOVE. The ASSOCIATE PATRON adds strength to all.
